BCA High School

Expands

AP Offerings with Groundbreaking Business & Personal Finance Course

22

EAGER STUDENTS

FRESHMEN TO SENIORS

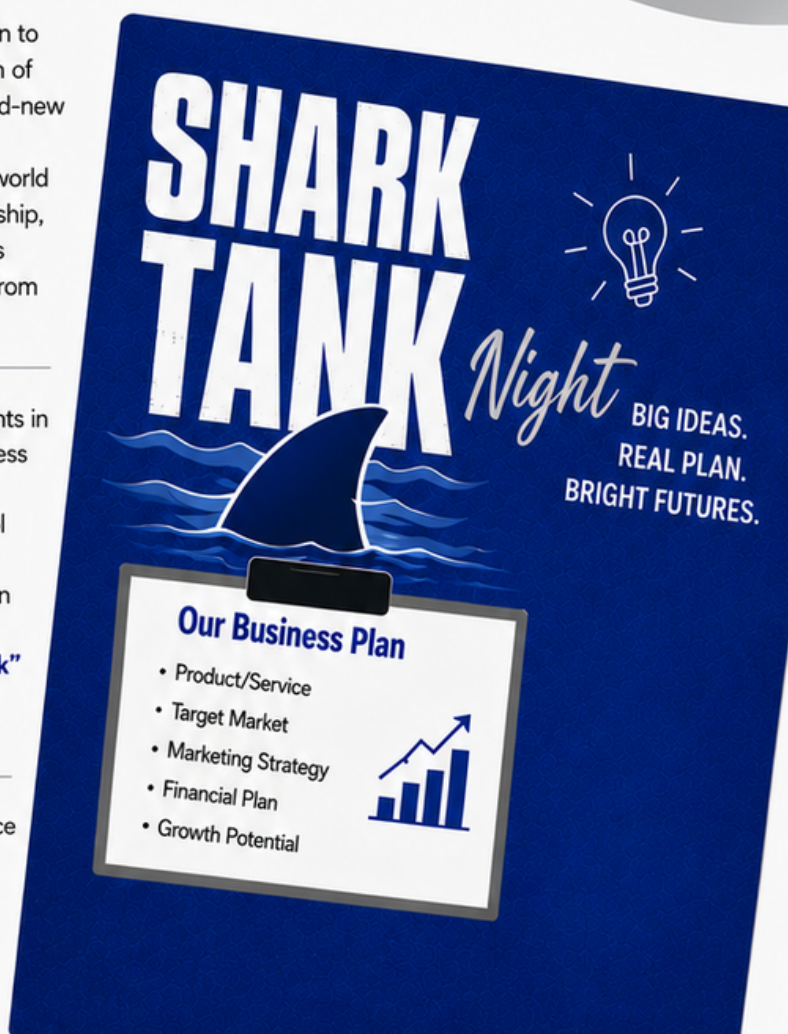

BCA High School is taking college preparation to the next level this school year with the launch of **AP Business and Personal Finance**—a brand-new course newly introduced by the Advanced Placement program. Designed to blend real-world financial literacy with hands-on entrepreneurship, the morning class is led by Mrs. Ingle and has already drawn **22 eager students** spanning from freshmen to seniors.

Rather than relying solely on textbooks, students in this course are stepping directly into the business world. Throughout the year, the class will be responsible for operating the BCA High School store, managing inventory, sales, and daily operations. In addition, each student will design and launch their own personal business, culminating in a highly anticipated **"Shark Tank" Night** where students will pitch their business models to a panel of judges.

The addition of AP Business and Personal Finance highlights BCA's expanding academic footprint, bringing the school's total to **12 AP courses** offered this academic year. Joining the lineup alongside Mrs. Ingle's business class is another exciting addition: **AP Spanish**, taught by **Cat Scheller**.
